ATTACHMENT "B"

Brief List of Immediate Intelligence Requirements on North Korea:

1. Decisions transmitted to North Korean Government by Soviet officials for future course of action in relation to the war.
2. Decisions of the North Korean Government on the timing of the integration of occupied South Korea.
3. Agreements with the Chinese Communists on provision of reinforcements and supplies.
4. Developments in internal security of North Korea and political reaction to prolonged UN bombing.
5. Soviet military and political maneuvering in North Korea since 25 June 1950.
6. Have Soviet forces evacuated the restricted Najin-Unggi-Pangjin area?
7. Industry:
  - a. Production  
In what way has the war affected the production of industrial commodities in North Korea? To what extent has the war resulted in reconversion of industry to wartime production, i.e., textiles plants manufacturing uniforms.
8. Lines of Communication:
  - a. Water and Air  
Are there commercial or military cargo flights from the USSR INTO any North Korean airports? What are the major ports of entry (during hostilities) of commercial and military cargoes?
9. Financial:

Has there been any extreme fluctuation in the value of or circulation of North Korean currency?
